

NOTE REGARDING SURGERY CORRECTIONS PERFORMED IN CLINIC DURING 2017

March 16, 2018

We want to inform you that during 2017 calendar year, all surgeries that were performed in our clinic (1789 patients), required a very small adjustment of just 0,87%. This indicator is very low, which shows the clinic's tremendous experience and professionalism in doctors' operations and high-quality procedures.

These statistics are taken from the official clinic database.
